

Summit Midstream Partners, LP Announces Preliminary Results of Series A Preferred Unit Exchange Offer

July 29, 2020

HOUSTON, July 29, 2020 /PRNewswire/ -- Summit Midstream Partners, LP (NYSE: SMLP) (the "Partnership") announced today preliminary results regarding its offer to exchange (the "Exchange Offer") any and all of its 9.50% Series A Fixed-to-Floating Rate Cumulative Redeemable Perpetual Preferred Units (the "Series A Preferred Units") for newly issued common units representing limited partner interests in the Partnership (the "Common Units"), which expired at 5:00 p.m., New York City time on July 28, 2020 (the "Expiration Date"). Based on preliminary information provided by American Stock Transfer & Trust Company, LLC, the depositary of the Exchange Offer (the "Depositary"), as of the Expiration Date, 62,816 Series A Preferred Units had been tendered and not validly withdrawn. The number of Series A Preferred Units properly tendered and not validly withdrawn is preliminary and is subject to verification by the Depositary. The Partnership expects to deliver the Common Units to be issued in exchange for the Series A Preferred Units on July 31, 2020.

About Summit Midstream Partners, LP

SMLP is a value-driven limited partnership focused on developing, owning and operating midstream energy infrastructure assets that are strategically located in unconventional resource basins, primarily shale formations, in the continental United States. SMLP provides natural gas, crude oil and produced water gathering services pursuant to primarily long-term and fee-based gathering and processing agreements with customers and counterparties in six unconventional resource basins: (i) the Appalachian Basin, which includes the Utica and Marcellus shale formations in Ohio and West Virginia; (ii) the Williston Basin, which includes the Bakken and Three Forks shale formations in North Dakota; (iii) the Denver-Julesburg Basin, which includes the Niobrara and Codell shale formations in Colorado and Wyoming; (iv) the Permian Basin, which includes the Bone Spring and Wolfcamp formations in New Mexico; (v) the Fort Worth Basin, which includes the Barnett Shale formation in Texas; and (vi) the Piceance Basin, which includes the Mesaverde formation as well as the Mancos and Niobrara shale formations in Colorado. SMLP has an equity investment in Double E Pipeline, LLC, which is developing natural gas transmission infrastructure that will provide transportation service from multiple receipt points in the Delaware Basin to various delivery points in and around the Waha Hub in Texas. SMLP also has an equity investment in Ohio Gathering, which operates extensive natural gas gathering and condensate stabilization infrastructure in the Utica Shale in Ohio. SMLP is headquartered in Houston, Texas.
