I. Purposes of the Committee

The principal purposes of the Audit Committee (the “Committee”) of the Board of Directors (the “Board”) of Summit Midstream Corporation (together with its subsidiaries, the “Company”) are to:

1. Assist the Board in fulfilling its oversight responsibilities relating to: (a) the quality and integrity of the financial statements of the Company and the Company’s accounting and financial reporting processes and financial statement audits; (b) the Company’s compliance with legal and regulatory requirements; (c) the independent auditor’s qualifications and independence; (d) the performance of the Company’s internal audit function and independent auditor; and (e) the Company’s system of internal controls over financial reporting, accounting, legal compliance, and ethics, including the effectiveness of disclosure controls and controls over processes that could have a significant impact on the financial statements.
2. Foster open communications among the independent auditor, financial and senior management, the Company’s internal audit function and the Board.
3. Prepare the report required by the rules of the Securities and Exchange Commission (the “SEC”) to be included in Summit Midstream Corporation’s annual proxy statement.

II. Structure and Composition of the Committee

The Committee shall consist of three or more directors that meet the audit committee requirements of the New York Stock Exchange (the “NYSE”), the Securities Exchange Act of 1934, as amended (the “Exchange Act”), the rules and regulations of the SEC and any other membership requirements established by the Board. Each member of the Committee shall meet the applicable standards of independence of the NYSE and Rule 10A-3 under the Exchange Act, and shall be financially literate, as determined by the Board in its business judgment, and at least one member will qualify as an “audit committee financial expert,” as determined by the Board and as defined by the SEC.

Each year, Committee members are appointed by the Board for a term of twelve months or until their successors shall be duly appointing and qualified and may be removed by the Board with or without cause. Unless the Chair of the Committee is appointed by the Board, the Committee members shall designate a Chair of the Committee by majority vote of the Committee.

No member of the Committee may serve simultaneously on the audit committee of more than three public companies. The Board will regularly assess the nature of other board/committee assignments to determine if Committee membership remains appropriate.

III. Meetings of the Committee

The Committee shall meet as frequently as the Committee may determine, but not less than once per fiscal quarter. The Chair of the Committee will approve the agenda for the Committee's meetings and any member may suggest items for consideration. Briefing materials will be provided in advance of meetings to afford the Committee members a reasonable amount of time to review such materials in advance of the meeting.

The Committee shall also meet separately, on a periodic basis, in executive session without management present and in separate sessions with management, with the person in charge of the Company's internal audit function (the "Internal Audit Officer"), and with the independent auditor. The Chair of the Committee or a majority of the members of the Committee may call meetings of the Committee upon reasonable notice to all members of the Committee. A majority of the Committee members shall constitute a quorum for the transaction of business. The Committee may meet in person or telephonically and may act by unanimous written consent.

IV. Authority and Responsibility of the Committee

The Committee shall be directly responsible for the appointment, compensation, retention and oversight of the Company's independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting). The independent auditor shall report directly to the Committee. The Committee may consult with management but may not delegate these responsibilities to management.

The Committee shall have sole authority to pre-approve all audit, audit-related and permitted non-audit engagements with the independent auditor, including the fees and other terms of such engagements. In addition to its approval of such engagements, the Committee shall take action at least annually to authorize the independent auditor's performance of several specific types of services within the categories of audit-related services and tax services. Audit-related services include assurance and related services that are reasonably related to the performance of the audit or review of the financial statements or that are traditionally performed by the independent auditor. Authorized tax services include compliance-related services such as services involving tax filings, as well as consulting services such as tax planning, transaction analysis and opinions. Services are subject to preapproval of the specific engagement if they are outside the specific types of services included in the periodic approvals covering service categories or if they are in excess of specified fee limitations. The authority to grant preapprovals may be delegated to one or more designated members of the Committee, whose decisions will be presented to the full Committee at its next regularly scheduled meeting.

The Chair of the Committee may preapprove minor fees and other administrative items that are unduly burdensome to submit to the full Committee. Such preapproved items shall be reviewed by the full Committee at its next regularly scheduled meeting.

The Committee shall have the authority to retain legal, accounting or other consultants to advise the Committee and to approve such firms' fees and other retention terms. The Committee may request any officer or employee of the Company or the Company's outside counsel or independent auditor to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee, and the Committee shall have access to the Company's books, records, and facilities. The Committee shall have the authority to conduct or authorize investigations into any matters within its scope of responsibilities and shall have the authority to retain outside advisors to assist the Committee in conducting any such investigation. The Committee shall have the resources and funding necessary or appropriate for the Committee to discharge its duties and responsibilities as set forth in this Charter and as required by applicable laws and regulations.

The Committee may form and delegate authority to subcommittees as it may deem necessary or appropriate.
